RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

Hon. T. J. L. Hutcheson of Rothville attended as a delegate to the county convention this week. The old democratic war horse is as much interested in the success of his party as he was 50 years ago, and his many friends in this section were glad to see him.

Get out your rake and hoe and garden seed. Lettuce, radishes and onions can be safely planted now, and its only a few days until you can plant your taters in the moon. Don't wait for Good Friday but have some early Murphys by planting now.

Editor Rettig waked up Monday sometime before noon to the sad fact that he was minus a foreman. Mr. Rettig has worked himself nearly out of strength in making an up-to-date printing office out of a junk pile, or he would ask no odds of any itinerant unreliable. Hitchcock appeared to be of a little different makeup from the bulk of restless printers, but that is to be accounted for now by the influence of the good company he fell in with when he came.

Some one killed Henry Hudnalls colley dog and the great lover of horses and dogs is mad yet. However, to preserve the memory of the fine, faithful friend of the family, Henry had the dogs hide tanned and a very pretty rug made from it. The rug is a beauty and that reminds us of the fact that there are a number of hides prowling around town, invading everybody's rear premises and making off with what ever can be found to eat, which would be much more useful and ornamental on the floors of residences.
